STUDENT AMBASSADOR PROPOSAL

Campus Engagement & Brand Promotion Plan

Applicant Name	**SAI DURGA MAHESHWAR THOGARA**
Institution	Godavari Global University (GGU), Rajahmundry
Course & Year	CSE-AIML – 1ST YEAR
Contact Details	+91 90320 55118 | Email: saimahesht2@gmail.com

1. Introduction

I am applying for the OnePlus Student Ambassador Program because I am interested in technology, smartphones, innovation and the way digital products connect people. As a student at Godavari Global University, Rajahmundry, I would like to help fellow students discover OnePlus products, learn about their features and take part in engaging campus activities.

My aim is to represent the brand responsibly, communicate clearly with students and create genuine interest through useful, interactive and student-friendly activities.

2. Why I Want to Represent OnePlus

- I enjoy exploring technology and sharing useful information with others.
- I want to build practical skills in communication, teamwork, event coordination and digital marketing.
- I would like to connect students with product knowledge and brand activities in an approachable way.
- I value honest promotion: I will share accurate information and encourage students to make their own choices.

3. Campus Promotion Strategy

A. Student-to-student awareness

Share official OnePlus announcements, product information and campaign updates through appropriate student groups and personal social channels, following campus rules and the program's guidelines.

B. Interactive campus activities

Coordinate small awareness activities such as feature quizzes, technology discussions, product demonstration sessions (where devices and permission are available), and informal feedback activities.

C. Digital content

Create short, original posts or videos explaining useful smartphone features, photography tips, product highlights and event recaps. All content will use approved brand assets and claims.

4. Proposed Campaign Ideas

- **OnePlus Feature Challenge –** A short quiz or interactive challenge about smartphone features and technology.
- **Capture Your Campus –** A student photography activity that celebrates campus life and mobile photography.
- **Tech Talk Corner –** A brief peer-to-peer session on smartphone innovation, useful features and responsible technology use.
- **OnePlus Update Board –** A simple digital notice or student-group update sharing official launches, events and program news.

5. First 30-Day Action Plan

Timeline	Activity	Intended outcome
Week 1	Understand program guidelines; identify suitable student channels and seek any required campus permissions.	A clear, compliant activity plan.
Week 2	Introduce the program and share approved OnePlus information with interested students.	Initial awareness and student interest.
Week 3	Run one small quiz, feature challenge or content activity, subject to approval and available resources.	Participation and useful feedback.
Week 4	Share a brief activity summary with engagement numbers, feedback and suggestions.	A simple report and next-month plan.

6. Measuring Success

I will track practical indicators such as the number of students reached, activity participants, questions received, content engagement and feedback. I will report results honestly and use them to improve future activities rather than focusing only on promotional reach.

7. My Commitment

If selected, I will represent OnePlus with professionalism, enthusiasm and integrity. I will follow the program's instructions, respect university policies, avoid misleading claims or spam, and balance ambassador responsibilities with my academic commitments. I am ready to learn, collaborate and contribute consistently.

I would be grateful for the opportunity to represent OnePlus at Godavari Global University and help build a positive connection between the brand and the student community. Thank you for considering my application.

Sincerely,
[Your Full Name]
Godavari Global University, Rajahmundry
